

Ciel Power works with corporate, municipal, and faith-based organizations to provide customized energy-efficiency programs focused on reducing the overall environmental impact of a company, municipality, or faith-based organization.

Programs are designed to provide members of specific communities, organizations, or employers with a reduced-cost energy audit, comprehensive diagnostic report, prioritized retrofit recommendations, and information about incentive programs available to help offset the cost of installing energy efficiency upgrades.

Ciel Power LLC is honored to have been selected as the provider for the following New Jersey municipal campaigns:
