

ENVIRONMENTAL RESPONSIBILITY

Vitaquest is committed to the preservation and protection of the global environment. We manufacture functional foods which promote the health and well-being of consumers in an environmentally-positive manner.

We encourage our staff to be more environmentally responsible each day so we may achieve our sustainability goals and enhance the wellness of the world around us.

ADHERE to environmental regulations

BE MINDFUL of our environmental footprint locally and globally

EDUCATE employees, customers, suppliers to raise awareness

IMPROVE our existing operations that affect environment

IMPLEMENT energy-saving measures in day-to-day activities

INVEST in innovations designed to conserve natural resources

PARTICIPATE in environmentally-friendly practices

PROTECT the health of ecosystems around us

RECYCLE materials and resources as much as possible

REDUCE unnecessary resource usage and energy emissions
