

Environmental Policy Statement.

Bahamian Solar Management Group LLC.

Here at Bahamian Solar Management Group LLC, We are committed to leading the industry in minimizing the impact of its activities on the environment.

The key points of its strategy to achieve this are:

- Minimize waste by evaluating operations and ensuring they are as efficient as possible.
- Minimize toxic emissions through the selection and use of its fleet and the source of its power requirement.
- Actively promote recycling both internally and amongst its customers and suppliers.
- Source and promote a product range to minimize the environmental impact of both production and distribution.
- Meet or exceed all the environmental legislation that relates to Bahamian Solar Management Group LLC.
- Actively promoting a commitment to compliance with all environmental laws and regulations
- Actively promoting a commitment to pollution prevention – This means that your organization places a priority on waste reduction over recycling, treatment or disposal of waste.
- Actively promoting a commitment to continual improvement – This means that your organization or environmental team meets regularly to evaluate your environmental impacts and set annual goals.
