

Environmental Policy Statement

Valente's Italian Specialties Corporation is committed to remaining cognizant of its impact on the environment and minimizing its footprint on it. Valente's will actively work towards:

- Working with local farmers both to support the community and minimize travel
- Using sustainable sources and resources
- Recycling all recyclable materials
- Using recycled materials where appropriate
- Minimizing food waste when possible through various methods, including but not limited to composting, donating food, making staff meals, giving food to employees to bring home for their families and friends
- Developing and implementing a formal Environmental Management System
- Collaborate with the Haddonfield Environmental Commission
- Growing herbs and vegetables when possible
- Requesting the use of green energy sources
- Conserving energy and water

Italian Specialties Corporation will ensure that the Environmental Policy is accessible to the public and upon request. Valente's will review this policy annually and make changes as needed.

Sincerely,

Marcello De Feo
Owner / Chef
