Subject: RE: NJ DEP Sustainable Business Registry

Hi –
From a facilities perspective we do the following:

- Waste recycling
- Energy Efficiency Measures – LED lighting with motion sensors
- Water Conservation Efforts – Low flow aerator with motion sensors (faucets) in restrooms
- Certified by Leadership in Energy and Environmental Design (LEED) – Certified LEED GOLD Core & Shell
- Participate in other Sustainability Certification or Recognition Program – Energy Star

Thanks,
Marcello Provenzano

Subject: NJ DEP Sustainable Business Registry

Hi Marcello and Donna,

We are getting closer to joining the NJ DEP Sustainable Business Registry. Please click on the link below to view the list of sustainable actions. We need to select five actions that we have committed to in order to qualify. Can you let me know the actions we have incorporated at our Whippany building. Thank you so much! Mary Ellen
