

**Provide one measurable result related to at least one of these activities.**

1. We have been tracking our carbon footprint since 2009. We currently track our greenhouse gas emissions in Scopes 1, 2 and part of 3. Below you can see our results from our most recent data collection in 2012.

|  | 2012    | 2011    | 2010    | 2009     |
|--|---------|---------|---------|----------|
| Total Emissions (MT CO <sub>2</sub> e) | 184,529 | 197,408 | 199,968 | 201,990  |
| Δ against 2009 baseline                | 8.6% ↓  | 2.3% ↓  | 1.0% ↓  | Baseline |
| Δ year-to-year                         | 7.7% ↓  | 2.3% ↓  | 1.0% ↓  | Baseline |

**Retail GHG Emissions by State**
