

SHADE TREE GARAGE

We serve the local community by recycling for our neighbors!

- We recycle child car seats at the end of their 7 year service life.
- We accept motor oil, batteries, tires and mercury switches for recycling.
- We donate cars, at the end of their service life, to the Fire Academy so they can train Fire Rescue Personnel in vehicle extrication and victim rescue. We then scrap the car to be completely recycled.

You can trust there will be no glowing frogs or three eyed fish in the brook behind Shade Tree Garage and here's why:

We protect the water by recycling oil & chemicals!

- Antifreeze
- Brake Fluid
- Engine Oil
- Gear Lubricants
- Refrigerants
- Transmission Oil

We protect the land by recycling metal & rubber!

- Aluminum
- Belts
- Brass
- Glass
- Steel/Iron
- Tires

We protect the air by keeping cars running clean!

- All forms of preventative maintenance
- Master Technicians solving car problems, like check engine lights
- State Approved Inspection & Emission Repair Facility

We reduce energy consumption using rebuilt components!

- A/C Compressors
- Axles
- Engines & Transmissions
- Starter & Alternators
- Steering Racks & Pumps
- Water Pumps

Shade Tree is one of the first shops certified as Green by the NJ Green Auto Repair Council!
