

How to make your stay more

ECO-FRIENDLY

1. During your hotel stay, let housekeeping know that you would like to participate in the linen and towel reuse program.
2. When you leave the room, turn off the AC/heat, lights, and television.
3. Use our Hydration Station and refillable water bottles instead of purchasing beverages from vending machines.
4. Open the drapes during the cooler months to let the sun naturally heat the room, and close the drapes in the summer to keep the room cool.
5. Only take maps or brochures necessary for your trip.
6. Do not use the shower to warm the room or steam clothes.
7. Look for recycling bins in your suite and throughout the hotel and dispose of items appropriately.

*Did you know our entire rooftop is covered with solar panels? We're doing our best and Thank You for partnering with us to minimize our impact on the environment.
Enjoy Your Stay!*
