

# HEALTHY BUILDINGS WASTE REDUCTION COMPETITION

The office with the highest increase in waste diversion (% of waste reduced from landfilling through prevention & recycling) will win this awesome Healthy Buildings insulated cup for all employees in the office.

In May 2017, we conducted waste audits, below are the results:

Office	Waste Diversion Rate
S. Orange (NJ)	71.4%
Carlsbad	74%
Oakland	80%
Fairfax	62%
Lake Forest	70.3%

In August 2017, we will conduct new waste audits to determine which office improved the most.

**GOOD LUCK!**
