Description:

Philips LED Energy Saving 13-Watt PAR30L indoor flood light is ideal for use in kitchens, living rooms and dining rooms. It provides a bright, white light and is perfect for general room lighting. Fully dimmable and Energy Star certified, this medium base flood light replaces your current 75-Watt halogen PAR30, saving you up to \$170.50 in energy costs. Philips 13-Watt PAR30L can be used in recessed cans and some track light fixtures.
